

The process of application to a Degree thesis topic in Neptun

1. Viewing thesis period details on the student web interface

Thesis topics announced for the current period can be viewed in the list displayed on the "Thesis Topics" interface—accessible by clicking " Menu/Studies/DegreeThesis" and then the “Start new application” button.

The screenshot shows the Neptun web interface for "Thesis topics". At the top, there is a breadcrumb trail: "Studies » Degree thesis » Thesis topics". Below this is the main heading "Thesis topics" and a specific topic identifier "Szakdolgozat időszak teszt_2026271" with the dates "1 October 2026 - 25 October 2026". A button labeled "Interval data" is visible on the right. Below the heading, it says "Announced by my institution". A table lists the topics with columns: "Topic and title", "Type", "Module", "Lecturer", and "Head". Two topics are listed: "teszt" and "Teszt téma 5555555". Each row has an information icon (i) and a "Register" button with a right arrow. At the bottom right, there is a "Top of page" link with an upward arrow.

Topic and title	Type	Module	Lecturer	Head
teszt teszt	Téma	Teszt 2 képzés	Dr. habil Teszt Oktató	0
Teszt téma 5555555 Teszt téma 5555555	Téma	Teszt 2 képzés	Katona-Kis Viktória	0

The title of the topic functions as a link, clicking on it will navigate to more information about the Degree thesis topics.

To go back to the list of current Thesis topics, click „Thesis topics” on the top.

2. Registering for a Degree thesis topic on the student web interface

Registering for a Thesis degree topic on the „Studies/Degree thesis/Thesis topics interface is possible in two ways:

- either clicking „Register” button at the end of the selected topic’s line
- or clicking on the „Register” button on the top of the detail page of the selected topic

[Cancel](#) [Register](#)

In the pop up window clicking on the „Register” button, the registration will be confirmed.

Successful registration will be confirmed by a pop up message.

The screenshot displays the 'Degree thesis' interface. At the top, a breadcrumb trail shows 'Studies » Degree thesis'. A notification pop-up in the top right corner states 'Successful registration!' for the topic 'teszt' and includes a link to 'Open all notifications'. The main heading is 'Degree thesis', followed by the specific topic 'teszt'. A progress bar indicates the current status: 'The application approval is pending.' The registration date is '5 October 2026 at 09:58'. Below this, there are two buttons: 'Interval data' and 'Withdraw application'. The application details are listed in a table:

Topic	teszt
Topic validity	-
Topic code	SZDT2610011309369627
Opinion giving period	1 October 2026 at 00:00 - 25 October 2026 at 00:00
Organizational unit	Obuda University
Organizational unit code	OE

A 'Show more' link is located at the bottom left of the details section.

To un-register from a Thesis topic, click the „Withdraw application” button.

In case of a successful registration, students can view their applications on the „Studies/Degree thesis” interface.

If a student wishes to sign up for an individual topic, prior consultation with the tutor is required. Following this consultation, the tutor registers the individual topic, for which the student must then sign up via the web interface as described above.

3. Tutor’s feedback on the registration

Following your application, the tutor to whom the application arrived, will review the application for the given topic and either "Support" or "Not support" it. The system will send a notification regarding the review.

Your thesis application was judged by a tutor.

2026. október 15. 9:46

Dear Student!

Please note that on your Test2 (TESZT2BSC2) training your thesis application has been estimated: Támogatott by the tutor.

Modifier: Viktória Katona-Kis

4. Creating the Degree Thesis line

As a next step, the institution will assign the degree theses and the degree thesis lines will be created on the platform. Of this, the student will also be informed by a system message.

thesis apply Accepted

2026. október 19. 9:29

Dear Student!

Please note that on your Test2(TESZT2BSC2) training your thesis application has been Accepted by the administrator.
