

Registering for the Final Exams in Neptun

After entering the Neptun System the announced Final Exam periods can be viewed under **Menu/Exams/Final exams**.

Final exams can be registered to by clicking on the **„Continue to the application”** button on the right hand side. This button also provides further information about the Exam period.

Register

A pop up window will appear when clicking the **„Register”** button, listing the theses (themes) available.

Compulsory theses will be automatically added to the application of the student. In the window, these lines are marked with a grey ticked box. In case of **„0 topics for the final exam you have to choose”** appearing on top, there is no further action needed, only clicking the **„Register”** button.

Select topic

You must choose 0 topic(s) for the final exam you have chosen. Mandatory topics are automatically included.

<input checked="" type="checkbox"/>	TESZT_Hardver eszközök Obligatory • Registered	Items ▾
<input checked="" type="checkbox"/>	TESZTEMESE05 Obligatory • Registered	Items ▾
<input checked="" type="checkbox"/>	Teszt Téma 1 Obligatory • Registered	Items ▾
<input checked="" type="checkbox"/>	Teszt Téma 2 - Másolással létrehozva Obligatory • Registered	Items ▾
<input checked="" type="checkbox"/>	Teszt tételsor_2021 Obligatory • Registered	Items ▾
<input checked="" type="checkbox"/>	TESZT_Számítógéphálózatok Obligatory • Registered	Items ▾
<input checked="" type="checkbox"/>	TESZT_Számítógép architektúrák Obligatory • Registered	Items ▾

Cancel Register

Successful registry to the exams will be confirmed by a pop up message as well:

✓ **Successful registration!**

[Open all notifications >](#)

After registering to the Final exam, under the „Exam/Final exams” menu the selected exam period will appear with a green text showing „Registered for term”

Final exams

The screenshot shows a user interface for 'Final exams'. At the top, there is a 'Registration' section with a lock icon and the text '1 active application periods for which you can apply'. A blue button labeled 'Continue to the application' is on the right. Below this is an 'Applications in progress' section with a checkmark icon and the text 'View all ongoing application periods'. Underneath, a card for 'TESZT_ZV_2026_NYÁR' is shown. It contains a warning icon, the text 'Not yet taken an exam in the period!', and a green pill labeled 'Registered for term'. A blue arrow icon is on the right side of the card.

Regarding the „Not yet taken an exam in the period” text showing here, it does not require action, any given exam will be assigned and registered to the individual students by the Institute’s Neptun administrators.

Students can register and un-register from a Final exam period anytime during the Final exam registry period. After the registry period closes, they can still cancel their exam application while the „Only un-registry period” is in effect, and until they are assigned to an exact appointment. When that happens, they will be notified by a Neptun message.

The screenshot shows the details for the 'TESZT_ZV_2026_NYÁR' exam. At the top, there is a breadcrumb trail: 'Exams > Final exams > TESZT_ZV_2026_NYÁR'. The main title is 'TESZT_ZV_2026_NYÁR'. Below the title, there are two sections: 'Basic data' and 'Application period'. The 'Basic data' section shows the interval '22 June 2026 at 00:00 - 3 July 2026 at 00:00'. The 'Application period' section shows a green dot and the text 'Registered for term'. Below these sections, there is a red button labeled 'Cancel application'. The 'Description' section shows the text 'Teszt záróvizsga időszak.'

A registered exam period can be cancelled by clicking on the „Cancel application” button.

If the student has already been assigned to an exact exam appointment, they can still cancel the registry by submitting the request „**OE-0069 – Request to cancel Final exam application**” This request can be submitted under „**Administration/Requests** in the Neptun System.

After processing the request, the cancellation of the registry will be conducted by the Institute’s Neptun administrator and the student will be notified by a Neptun message.
